6.1: Honorary members:
Honorary members are individuals who have made a noteworthy contribution to the realisation of the aims of the Association.
Honorary members may be invited to meetings of the Association in a consultative capacity. The title of honorary member does not in itself confer any voting rights, nor does it render them eligible for office.
They constitute a council and upon request from the Executive Committee they can be called to give their opinion about important matters regarding the general direction of the Association. This council must be consulted about any acknowledged modification to the constitution.
Honorary members are not required to pay a subscription to the Association.

For crewed events with stopovers, replacement skippers must be the subject of a preliminary request to the Executive Committee, as described in 7.2.
6.2.2 Where an Open 60’ has a current valid Measurement Certificate, any individual having been a Full member, as defined above, for a continuous period of at least three years, gains the right to remain an “ex-officio member” for a period of a year.

The application request is carried out by the Executive Committee in regard to the measures required by the present Constitution and the latter shall submit this request to the Executive Committee for ratification.

In the event of this being refused, the candidate may lodge an appeal and ask for a vote to be taken on the matter of the refused admission to membership at the next Annual General Meeting.
